McCreary and Ollie James Strug-
gles For Convention Chair-
manship

LOUISVILLE, Ky., May 27th.—Democrats
from every section of Kentucky are gathering
in Louisville to attend the State Convention
which is to be held here Wednesday when a
notable factional political battle will be
staged.

From reports from the eleven Congressional
districts it appears that the state administra-
tion will have a majority of votes when it
comes to electing a temporary chairman and a
chairman of the State Democratic Executive
Committee. Both the followers of Ollie James
and Governor McCreary, however, are claiming
a victory.

115,000 GALLONS OF OIL

For Streets of Maysville and County
Turnpikes To Be Used This
Season

The City of Maysville has purchased 40,000
gallons of road oil for the streets.

Mason county has purchased 75,000 gallons
of road oil for the county turnpikes.

This oil is all to be used this season and is
the largest amount of oil ever sold at one time
in the county and city for the purpose.

Mr. Harry C. Curran, local agent of the
Standard Oil Co., loaded these big orders for
his company and same will be delivered in in-
stallments of 6,000 gallons, beginning next
week.

As much oil has been wasted every year by
spreading it on the streets and roads too thick,
it is to be hoped that this year the road-oiling
may be done more scientifically and economically.

By the way, how are Dover, Minerva, Ger-
mantown, Mayfield and other towns in the
county to fare in this oiling business? They
are both entitled to some of this good thing.

That is, on the pikes running into these
towns.

Think it over.

KNIGHTS OF COLUMBUS

Object of the Order Is Intellectual
Development and Pursuit

To an intelligent audience that comfortably
filled the vast auditorium of St. Patrick Church
Mr. James Francis O'Donnell, monologues actor,
beautifully rendered "The Sign of the Cross"
on Sunday evening.

In presenting him, the Past Grand Knight of
the local Council, Knights of Columbus, stated
that one of the objects of the Knights of Co-
lumbus was intellectual development and pur-
suit, and with that aim in view the local Coun-
cil procured the orator of the evening.

Even his magnificent effort of a year ago
was eclipsed by Mr. O'Donnell, whose versa-
tility and vocal abridgments are unsurpassable.

Scidom is it the privilege of the audience to
behold in juxtaposition, and yet harmoniously
grouped, without confusion, ennui and audi-
ence, exalted virtue and abject misery, with
the skill with which this great artist portrayed
it.

The entertainment of last Sunday night was
in perfect accord with the high standard of
things educational and recreational, which has
ever marked the functions of the local Knights
of Columbus. Their entertainments were to be
in a class to themselves.

FOR PRESIDENT,

A number of Western manufacturing concerns engaged in supplying machinery to beet sugar mills are doing an excellent work in behalf of continued Protection for American sugar growers in sending out with their correspondence the following leaflet:

WHAT "FREE SUGAR" MEANS.

Ruin of beet sugar industry, and no more dried beet pulp.

No more beet molasses for the prepared food manufacturers.

Nearly one million tons of beet sugar and Louisiana cane sugar taken out of the market—with the probability of an advance in world's prices for sugar as soon as the home industry is dead.

Entire control of this country's sugar business thrown into the hands of five or six men in the East who control the refining of foreign sugar. They are the ones who will be benefited by "free sugar."

A loss to the Government in revenue of over fifty million dollars per annum, which must be made up by other taxation.

As the household consumption of sugar hardly exceeds 40 lbs. a year for each individual, the greatest possible saving to each person by taking off the duty cannot exceed sixty cents, and even this will not be realized when the domestic sugar competition is killed and world's prices advance. Is "free sugar" worth while?

The meanest trick a bachelor can play on a leap year girl is to promise to be a brother to her.

Political Pickings

New York Evening Post: The coinage of three-cent pieces may be intended for the benefit of the contributors to the Colonel's campaign fund.

Dallas News: How would it do for Colonel Roosevelt to switch and ask for the Vice Presidency? He has had that but once.

Columbia State: We trust Mr. Taft will not attach undue importance to the fact that this is the first R-less month.

Pittsburgh Dispatch: Mr. Bryan demands a new deal, but refuses to take sides. Does he want to be the dealer?

KICKERS' CORNER

If any one at any time for any reason has any cause to "kick" in any way at anything of any kind, here's the place to say it. The door is open—talk right in and help yourself, free gratis and for nothing—but don't make your "kicks" too long—it's the short, quick fellows that count—and cut.

MAYSVILLE, KY., May 24 b, 1912.

It is indeed a surprise to me that a city like Maysville cannot or will not support a baseball team, and a winning one at that, when towns such as Winchester, Richmond and Paris, the same size or smaller, have boasted teams for several years. Maysville has the reputation of being "faddy"—of taking up some project or amusement enthusiastically at first and then dropping it as precipitately as it took it up. It now seems as though their reputation is deserved.

Surely there are enough lovers of the great American sport in this city to prevent the removal of our flag team, which has reflected so much credit on us so far this season. A good baseball team is a distinct asset to a town. It is a good advertisement, it brings many people into the town and it provides a healthful, outdoor amusement to many people who would spend their time and money far more unprofitably.

The movement in New York City for a municipal market is gaining headway. Begun by those who have felt called upon to do something to lower the cost of living and attacking the problem, noted by members of civic organizations it has now reached a point where official action is being taken, Mayor Gaynor having appointed a committee to canvass the situation and report a plan of action.

The favorite proposition is to set up a wholesale market, whose foodstuffs can be sold daily by licensed auctioneers. Describing the scheme more in detail the New York Post says:

Complete elimination of the middleman, at present, at least, is impossible, but the existence of a market where farmers could at any time send their products for sale to the highest of the bidders, would, to the extent to which it was used, do away with two or three of the intermediate stages between producer and consumer. Such a market, it is thought, would also tend to counteract the holding up of prices in periods when the cold-storage houses are full, and would in this way make the relation between supply and demand less artificial. The great public markets, of Europe are more and more the wholesale markets, the retail ones having diminished rapidly of recent years. On its face, the plan of the City Club Committee is plausible. If the Mayor's committee, should endorse it, a long step would have been taken toward realizing it.

That point as to the making of the relation between demand and supply less artificial is a good one. If the proposed New York plan does that it will do vast good.

Philadelphia Times:

One of the speakers at a recent dinner in the Bellevue-Stratford, in discussing Scotch writers, mentioned Ian Maclaren as having written the "Bonnie Breer" Bush. Some of the diners, thinking by his pronunciation he was trying to start some joke, laughed, but the speaker, turning to Dr. Talcott Williams, who sat alongside, asked if the pronunciation was correct.

"It is correct," Dr. Williams answered promptly.

"You see," said the speaker, continuing, "I am somewhat like that boy who when reading ancient history, came to Lycurgus and pronounced it 'liquor juice.' You can't always tell by the sound what is really meant."

"A year ago last spring my doctor gave me up, and he was surprised to see me this spring and to see my condition. I give Lydia E. Pinkham's Vegetable Compound the praise wherever I go for I know I would not be here today or have my fine baby boy if I had not taken it."

The U. S. WEATHER BUREAU

Says that the wet spell is over and we will now be permitted to enjoy spring. Kind of him, isn't it? Well, nearly everybody likes to "spruce up" in spring; repair the porches, put up screens, put a window in a dark room or maybe put in a new front door. It makes no difference whether it's a single board or an entire building we can furnish it.

In Memory of Naval Heroes

Photograph by Underwood & Underwood, N. Y.

A BEAUTIFUL and touching tribute is paid to the memory of the sailors who gave up their lives during the Civil war by Tent No. 18 of the National Alliance, Daughters of the Veterans of the United States. A little boat filled with carnations, roses, lilies, jessamine and arbutus, is borne by G. A. R. veterans to the edge of the river and given, amid prayer, to the crew of a launch who take it to midstream. There it is launched, and, amid the booming of a salute and the strains of the "Star-Spangled Banner," it sinks quietly and slowly, leaving the water around it dotted with blossoms.

Memorial Day Sermon

By
REV. CHARLES F. WEEDEN
Pastor of Harvard Church
Boston

N the foremost rank of memorials stands the monument to the soldier. The myriad mounds of rank and file stir tender and deep emotions. The veterans of the thrilling scenes of '61 and '65 are passing. Over forty-eight thousand in 1909 answered the last taps. Memorial Day should be sacredly kept and should most properly recall the stirring events of the Civil war. "What mean ye by these stones?" the descendants of Joshua asked, as they saw the memorial pile by the River Jordan. So the youth of today inquire of the silent sentinels raised to commemorate the soldier of '61.

I am reminded of an example of patriotism not usually known. Colonel Shaw, whose monument of bronze stands upon Boston Common, is not alone in deserving such a memorial. Up among the Berkshire Hills there is a modest shaft that marks the grave of another gallant leader of negro troops. I refer to Colonel Chauncey Bassett, of the Bassett Grand Army post of Michigan, the grandfather of my children and the father of that elect lady, my wife. How Colonel Bassett inspired his men is illustrated by the heroism of a negro lad who was the color-bearer. As Colonel Bassett handed the flag to the lad, he gave this charge: "My boy, bring back the colors or tell to God the reason why." All through the fierce fight they watched that standard. Once it was seen to fall—the lad's arm had been shot. But grasping the staff with his left hand, the flag moved forward again, waving over the dusky troops. Once more it was away and dropped. But after the battle they found the little fellow prostrate upon the flag wet with his blood. He could never bring the colors back. He had told to God the reason why.

But I recall a memorial which comes close to every veteran in the land. It is the name endeared to you by a thousand recollections and sends the warm blood throbbing through your veins. It is the dear name of Comrade, Comrade!

Your companions in arms! They have fallen, but your thoughts bring the old familiar forms and scenes back again. You sleep in the same tent and perchance share the same blanket or you watch by the campfire warning and sheltering your comrade from the cold and the storm as he has done for you. You divide your scanty rations or you dispense the lucky catch of poultry or bacon; you cheer him on the hot and dusty march; he stretches his hand or musket to you in the struggle through the dangerous swamp; he fights by your side

13 SENTENCED TO DIE

Large Increase in Convictions For Murder Under Electric Method

Substitution of the death chair for the gallows in Kentucky has been followed by an increased percentage of convictions in first degree murder cases, according to state officials. There are now 13 prisoners in the Eddyville Penitentiary awaiting execution, the largest number ever assembled there at one time. Under the old system of hanging prisoners, the Sheriff of the county in which convictions were secured, was compelled to execute the prisoners. They disliked this duty and some of them used their influence to promote public sentiment against the death penalty.

OF LOCAL INTEREST.

SOME PEOPLE WE KNOW, AND WE WILL PROFIT BY HEARING ABOUT THEM

This is a purely local event. It took place in Maysville. Not in some faraway place. You are asked to investigate it. Asked to believe a citizen's word; To confirm a citizen's statement. Any article that is endorsed at home is more worthy of confidence. Than one you know nothing about, Endorsed by unknown people. M. C. Chisholm, 317 E. Second street, Maysville, Ky., says: "The cure Doan's Kidney Pills affected some years ago was permanent, and the testimonial I gave in their praise at that time still holds good. There was a time when my kidneys were badly disordered and I was annoyed by many symptoms of kidney complaint. Doan's Kidney Pills, procured at Wood & Son's Drug Store, corrected my trouble and my good health since then is evidence of their merit. I have seen many other cases where Doan's Kidney Pills have proven their worth. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other."

Nature's Way Is The Best.

Buried deep in our American forest we find bloodroot, queen's root, man-drake and stone root, golden seal, Oregon grape root and cherry bark. Of these Dr. R. V. Pierce made a pure glyceric extract which has been favorably known for over forty years. He called it "Golden Medical Discovery." This "Discovery" purifies the blood and tones up the stomach and the entire system in Nature's own way. It's just the tissue builder and tonic you require when recovering from a hard cold, grip, or pneumonia. No matter how strong the constitution the stomach is apt to be "out of kilter" at times; in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body. The weak, nervous, run-down, debilitated condition which so many people experience at this time of the year is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin—you feel "blue." "More than a week ago I was suffering with an awful cold in my head, throat, breast, and body," writes Mr. James G. Kiser, of 710 E. Street, S. B. Washington, D. C. "Some called it La Grippe, some pneumonia. I was advised by a friend to try a bottle of your 'Golden Medical Discovery.' I tried a bottle and it did more good than I had ever had. I feel safe in saying it is the greatest and best medicine that I ever took. My health is much better than it was before using your medicine. It does all you claim for it and is satisfactory."

Over Amount of Damages to Turnpikes in Bracken County

Augusta Chronicle.

Judge Parker of Vanceburg, and W. D. Cochran of Maysville, will be in Augusta, next Tuesday, to meet the Commissioners appointed by the Bracken Fiscal Court to settle the amount of damages to the pikes in the county by the laying of the gas pipe line, the greater portion of the damage being in Chatham precinct. Suit has been brought for \$1,999 damages. The commissioner offered to accept \$1,500 three or four years ago, while the gas company did not think they would be compelled to pay anything. It is almost impossible to ditch the pike where the pipe line was laid in the middle of the pike.

Contract Let For 40-Mile Extension to Cost \$5,000,000

The Rinehart & Dennis Co. of Charlottesville, Va., have been awarded the contract for the 40-mile extension of the C. & O. The Charlottesville Daily Progress says:

"Rinehart & Dennis Co. Railway contractors, with main offices in this city have just been awarded a 40-mile extension of the Carolina, Clinchfield & Ohio Railroad, running from its present Northern terminus at Dante, Va., through the heart of the Allegheny mountains to a connection with the C. and O. at Elk Horn, Ky."

"The contract is the largest piece of railroad construction let in this section of the country in recent years, and by reason of the mountainous country which it runs through, the work will be of the heaviest kind of construction, and very expensive, the total cost of which will approximate about \$5,000,000, and consists of the following approximate quantities:

"Nineteen tunnels, varying in length from 400 feet to 8,000 feet; 3,500,000 yards of excavation, of which 65% is solid rock and the balance principally loose rock; 40,000 yards of concrete masonry and various other items which go to make up the construction of a heavy line of railroad. The work is to be started at once, and will be covered with about 15 steam shovels outfits, 19 tunnel outfits, concrete outfits, and numerous team outfits and will provide work for about 4,000 men.

Construction camps will be built at numerous points along the line. The Northern end of the work will be reached over the C. & O., via the Elg Sandy Division, and the Southern end will be reached over the Clinchfield Valley Division of the Norfolk & Western and the present line of the Carolina, Clinchfield & Ohio.

"One of the 19 tunnels to be built will be 8,000 feet long, which is the longest railroad tunnel east of Chicago."

Cold Soda For Warm Folks

Greenland's icy mountains are not colder than our Soda. A few degrees colder and it would be ice. That's why it cools warm folks off so rapidly; that's why it's the coolest Soda in the county. Coldness is not its only merit, though. It's as satisfactory for its flavor as it is for its cooling quality.

SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardui.

Meetze, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well."

One day, I decided to try some Cardui. It did so much for me that I ordered some more, and it cured me. Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardui will do for sick women."

A few doses of Cardui at the right time, will save many a big doctor bill, by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy. Thousands of weak women have been restored to health and happiness by using Cardui. Suppose you try it.

It may be just the medicine you need.

The Peevish Child Needs a Laxative

It is natural for a child to laugh and play when it feels drowsy or cries you may depend on it something physical in the matter. If you see no evidences of a serious ailment you will not be wrong if you quietly give it a dose of mild laxative that evening on putting it to bed.

The remedy most generally recommended for this purpose is Dr. Caldwell's Syrup Pepsin, which mothers throughout the country have been giving their children for a quarter of a century. Today thousands of families are using it where hundreds used it then, and there must be good reason for this word of mouth recommendation.

It is admittedly the perfect laxative for children, women, old people and all others who need a gentle bowel stimulant and not a violent salt, cathartic pill or doctored water. Dr. Caldwell's Syrup Pepsin will act gently, and when taken before retiring will bring complete satisfaction in the morning.

After a short use of this remedy all forms of colic and can be dispensed with and nature will again act alone. All classes of good American people keep it in the home for the relief of the stomach, liver and bowels, and among the thousands who have written the doctor that they will never be without it are Mrs. J. W. Haynes, Brady, Ky., and Mrs. E. L. Weeks, 1744 W. 2nd St., Owensboro, Ky. A dose of it has saved many a person from a serious illness.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Montreal, Ill. Your name and address on a postal card will do.

Rev. J. G. Dover of Bellevue, District Superintendent of the M. E. Church, occupied Rev. W. H. Davenport's pulpit at Trinity Sunday. He left here yesterday for Bartersville, Nicholas county.

Our Colored Citizens.
